

11th WORLD CONFERENCE OF SCIENCE JOURNALISTS

**Swiss Tech Convention Center EPFL
Basement**

Program – 2nd – 4th July

Let's talk about Swiss Science #SwissScienceLounge

Let's talk about Swiss Science: #SwissScienceLounge

July 2, 2019 - Sustainability

Timetable	Speaker	Titel
09:50-10:20	Boris Vejdovsky	Humanities in durability
10:20-10:50	Stephanie Moser	Development and Environment
11:20-11:50	Samuel Nussbaumer & James Ferguson	Glacier fluctuations and climate system
11:50-12:20	Reto Knutti	Climate Change
12:20-12:50	Suryanarayanan Balasubramanian	Icestupas : A folklore or a new water storage technology ?
13:20-13:50	Alexander Damm	Water systems research from space
13:50-14:20	Augustin Fragnière	Changements climatiques:responsabilité individuelle ou collective
14:20-14:50	Thomas Crowther & Tom Elliott	Addressing Climate Change with Global Restoration
14:50-15:20	Ted Turlings	Using plant-produced odors to detect agricultural pests and diseases
15:50-16:20	Pauline Plagnat & Philippe Haerberli	Enhancing Interdisciplinarity in Research and Teaching (CLEAR)
16:20-16:50	Horst Machguth	Accelerating mass loss of Greenland: firm and the shifting runoff limit
16:50-17:20	Martine Rebetez	Adaptation to the impacts of climate change in Switzerland
17:20-17:50	Marie-Louise Vogt	Can we reach a sustainable use of water resources in arid environments ?

Let's talk about Swiss Science: #SwissScienceLounge

July 3, 2019 - Democracy

Timetable	Speaker	Titel
09:50-10:20	Georg Lutz	Démocratie participative l'exemple Suisse
10:20-10:50	Alexandre Aebi	Honey contamination by neonicotinoids : science with political implications
10:50-11:20	Clau Dermont	Digitally transformed democracy
11:20-11:50	Jasmine Lorenzini	Building Food Democracy – Food Organizations & Citizens' Initiatives
11:50-12:20	Heidelberger Anja	Voting and participation research, Swiss politics
12:20-12:50	Hansjoerg Schmid	Researching Islam, empowering Muslim's participation to citizenship
12:50-13:20	Enzo Nussio	How terrorist attacks affect people's attitudes in democracies
13:20-13:50	Clau Dermont	Digitally transformed democracy
14:50-15:20	Francisco Klauser	Towards a democratised sky? Chances and risks of civil drones
15:50-16:20	Nenad Stojanovic	From Oregon to Switzerland: innovating (direct) democracy
16:20-16:50	Nicolas Schmitt	Europe's Populist Claims to Direct Democracy "à la Switzerland" and Swiss Multilevel Experiences with Popular Initiatives and Referenda
16:50-17:20	Hans Peter Schaub	Face-to-Face Democracy: the Politics of Citizen Assemblies

Let's talk about Swiss Science: #SwissScienceLounge

July 4, 2019 – Space Research

Timetable	Speaker	Titel
09:50-10:20	Suren Erkman	Artificial Closed Ecosystems (ACE)
10:20-10:50	Muriel Richard	ClearSpace
10:50-11:20	Gregory Giuliani	Swiss Data Cube – Big Earth Observation Data for Sustainable Development
11:20-11:50	Olga Pinzon	Modelling the gas-dynamics of comet 67P/Churyumov-Gerasimenko
12:20-12:50	Christoph Geers	BioNanomaterials
13:20-13:50	Ravit Helled	The mysteries of Jupiter
13:50-14:20	Grace Crain & Valentin Faus	News between Hype & Science
14:20-14:50	Gaetano Mileti	Lasers and atomic clocks for space
14:50-15:20	Vladimir Wingate	Satellite Earth Observation
15:20-15:35	Emeline Bolmont	Habitability of exoplanets around small stars
15:35-15:50	François Bouchy	Space missions looking for habitable distant worlds
16:20-16:50	Thibaut Roger	Predicting the future: how many exoplanets will the satellite PLATO find?
